

CERTIFICATE

READY FOR INTERNSHIP I

PIOTR WOJNAROWSKI

This is to certify that the student has reached the required level in the core curriculum of 42 Heilbronn gGmbH to embark on the first internship in the field of software engineering.

Throughout the studies, the student has shown exceptional aptitude and commitment to the field of software development. Their knowledge of programming languages, computer science fundamentals, and software engineering best practices, combined with a strong work ethic, makes them a valuable asset to any team.

They have demonstrated the ability to solve real-world programming challenges through various hands-on projects and assignments. Their collaborative approach and innovative problem-solving skills have earned recognition from peers.

The student is now equipped with the necessary skills and knowledge to begin their professional journey as a software developer, excel in the first internship and beyond.

The internship is an integer part of the 42 Heilbronn Curriculum.
